

Statement of Qualifications and Experience

Promised Land Survey, LLC (PLS) was established in February of 1998. We founded our company with a desire to provide professional land surveying services throughout New Hampshire. Timothy A. Peloquin, LLS, is founder and owner. Please visit our web-site at www.PromisedLandSurvey.com to learn more about our company.

Prior to founding PLS, Timothy A. Peloquin, LLS worked as a Vice-President of a fifty person engineering firm in Manchester, New Hampshire. He was responsible there, and equally today, for all Land Survey work, inclusive of boundaries, topographic and engineering surveys, ALTA/ACSM Surveys, GPS Control Surveys, subdivisions, construction surveys, as-built surveys, survey reports for Title Insurance, as well as local, county, and State permitting processes associated with the aforementioned.

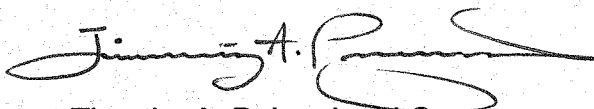

Additionally, we have been very actively involved in our national and State professional organizations. Mr. Peloquin has been a member of the American Congress on Surveying and Mapping (ACSM) since 1993 and has been an active member of the New Hampshire Land Surveyors Association (NHLSA) since 1992, where he now serves as Past President. He has also been active in his local community of Chester, serving as the President of the Parent-Teachers Association (PTA) and various other committees, and is active within his church, currently serving as Youth Director.

Our staff at PLS, which includes two Licensed Land Surveyors, two Licensed Subsurface Designers, well trained CAD & Survey Technicians, and two full-time field crews, is wide ranged in experience, education, and responsibilities. We currently have 9 employees, and will continue to grow to serve our excellent clientele. An abbreviated list of clients can be provided upon request and we'd encourage you to contact them as needed to assure our good reputation.

Our full commitment is to excellence within our profession. We assure timely delivery, very competitive prices, and complete client satisfaction. Please consider our company in your upcoming project.

Thank you.

Respectfully,

Timothy A. Peloquin, LLS
